15 representatives of 11 affiliated clubs attended. 7 Directors of the company and 1 member of staff were in attendance.

The President welcomed all in attendance.

1. The President stated that **Notice** calling the meeting was issued to clubs on Friday 3<sup>rd</sup> November 2023.
2. The Secretary offered **apologies** from Titwood LTC.  
Director J Macdonald offered his apologies for non-attendance.
3. It was noted that the **Minute of the 108<sup>th</sup> Annual General Meeting** held on 28<sup>th</sup> November 2022 had been circulated to clubs and published on the company web site.  
The Minute was approved by Alan Lackie (Broomhill) and seconded by Baljinder Purba [Hillhead]
4. The **Annual Report** from the Directors for the year ended 30<sup>th</sup> September 2023 had also been circulated to clubs and published on the Tennis West of Scotland web site.  
No questions were received relating to the Report.
5. The Secretary reported on the **Accounts** as follows:

“The company made a surplus of £7,353 in the last financial year.

Its main source of income is from team entry fees and the number of teams entered into competitions has increased. The Board debated at length whether to retain entry fees for 2024 at the same level as 2023, having shown a surplus, or increase in line with inflation as all other costs increase. A compromise was reached and, later in the meeting, small 2.5% will be proposed.

Funding from Tennis Scotland continues to decrease with its priorities now distant from county and district tennis. Unfortunately, the 4 play counties in Scotland – N S E and W – are treated as 1 county by the LTA even though the cost of participating in inter-county competitions is greater than for most English and Welsh county teams. The majority of our senior age group county teams have declined to enter the GB inter-county competition with the cost of participating escalating and with all financial support for seniors’ tennis now withdrawn by Tennis Scotland. With no access to Wimbledon tickets as English counties have, it is difficult to attract sponsors to generate the additional income needed to field and pay for teams in the manner to which they are entitled. Fortunately, the Board has secured sponsorship for the West in 2023 and that has made a difference to the company’s bottom line in their first year of partnership. The Board has also launched a Patrons’ Club with an aim of raising funds to retain a county coach who can oversee and manage the junior training programme. Not many years ago, Tennis Scotland significantly supported seniors’ tennis and junior training.

Tournament income has increased as has expenditure mainly due to there being two West of Scotland Opens held in the same financial year. There was a decision taken to raise the

profile of this event in 2023 and this was achieved however, with a new standard being set with players, the Board is looking for an event sponsor. The Senior Players tournament spend anomaly is the result of the LTA agreeing to pay for the indoor court hire required in various venues as the event was displaced from Scotstoun for BJK Cup team practice. Sundry expenses – this includes marketing costs, trophies and engraving which are now significant.”

The Secretary stated that the Board has approved the Accounts but that he was happy to take any questions related to them. There were no questions.

This was seconded by Baljinder Purba (Hillhead)

At this point, Richard Cook (Giffnock) asked whether the Board had put the ball agreement to tender at the end of 2022 as he considered that clubs were already paying too much when entering teams into competitions. He quoted a £14.85 per dozen cost for Dunlop balls from Stringsports compared with a £9.85 per dozen cost for Head balls. Discussion followed as to the advantages of having Dunlop as a sponsor however it was agreed that other options will be considered by the Board before the current agreement ends in December 2025.

**c. “That the entry fee for all Youth League teams be increased to £34 [from £33]”**

This excludes team entries for junior league competitions which are organised at a central indoor central venue.
