

JMF SCOTTISH CYBER TENNIS TOUR

The Judy Murray Foundation is delighted to announce a free Online Training Tour which will cover all 9 Scottish Tennis Districts.

These 90 minute workshops are open to anyone who is interested in learning to deliver starter tennis at home, in clubs, hubs, parks or schools. All of our games and activities are easy-to-follow and easy-to-do and will develop the skills required to play tennis if played regularly.

Tennis has a unique opportunity to attract new starts to our sport and to welcome back those who may have hung up their rackets. We will show you a series of innovative and progressive content - with simple, effective teaching tips - that can be used in whatever space you have available during the summer holidays and beyond and adheres to the physical distancing guidelines.

The content is from our Family Tennis and Back to Tennis with Brodies Programmes and will be split into short sections with time for feedback and questions in between each.

All content used will be made available once the tour is complete.

FREE
