Arbitration

The LTA Code of Conduct will apply to all players who compete in West of Scotland league and cup competition matches

7. All questions of eligibility, qualification of competitors, or interpretation of rules shall be referred firstly to the League Organiser and, if required, to the appropriate Committee or Board, whose decision shall be final.
8. Any dispute arising between clubs shall be referred to the arbitration of the Competitions sub-committee or appropriate member of staff whose decision shall be final and binding on both clubs. Should either of the two clubs have a member on that sub-committee, such member(s) shall not participate in voting on the dispute or protest.
9. Complaints relating to a fixture should be in the hands of the League Organiser within 7 days of the date of the fixture.
10. The day to day organisation of the league and cup competitions shall be carried out by the League Organiser under the auspices of the Tennis West of Scotland Board of Directors and Competitions sub-committee. The League Organiser shall have the power to decide on matters of interpretation of these regulations, to impose penalties including, but not limited to, the deduction of points and suspension for breaches of these Regulations; to suspend or modify any of these Regulations in appropriate circumstances. The League Organiser's decision on all matters is final.
11. The Board may delegate all or any of the powers given to them under these rules to a Sub-Committee appointed by them for the purpose.
12. The Board shall have power to alter or add to these rules as they may from time to time deem expedient, as well as to introduce other competitions and determine the structure and composition of divisions and sections.

Arrangement of Fixtures

13. All matches shall be arranged at a meeting of Team Captains, specially convened for the purpose, at which all competing clubs must be represented. The Board shall fix dates between which matches shall be played i.e. the competition period.

Fixtures for the Premier and First Divisions of the summer doubles leagues, together with fixtures for the Spring League Competition, the 60 & Over League Competition and National League junior competitions, will be fixed by the League Organiser who will represent the Competitions sub-committee.

Matches will be played outdoors where possible however a club may arrange a match to be played indoors so long as at least one week's notice is given to the opposing nominated team captain by text or by email. The safety of players is the responsibility of the home venue.

14. The club on whose ground the match is played shall provide three approved balls per court and hospitality but, if the match is played on neutral ground, such expenses shall be divided between the competing clubs unless otherwise arranged.

15. The official ball for all West of Scotland events is the Dunlop Fort ball.

16. Clubs with fewer than three courts shall not be eligible to take part in the competitions unless they are prepared (if called on to do so by their opponents) to play their matches on their opponent's courts, always provided that the opponents have three courts available. The club on whose ground the match is played shall provide the balls and hospitality.

This rule does not apply to clubs with two all-weather courts and floodlights.

17. All matches must be played on the date fixed either at the meeting of Team Captains or by the League Organiser unless the clubs agree to postpone on the day because of inclement weather. The home club must confirm match arrangements, by text, by email or by telephone, at least **one week** before the match is due to be played. Failure to do this could disadvantage the home team if any dispute arises.

Recording Match Scores

18. In all league and cup competitions, the winning team captain must record player details for both teams and the individual set scores for all rubbers played **within 24 hours** of the match being completed.

19. Walkovers must not be entered online by a team captain but the details of any claim for a walkover should be e-mailed to the county office. The opposing team captain must be copied into any correspondence or the claim will be disregarded. If a walkover is awarded by the League Organiser then the League organizer will record the walkover online and award the appropriate penalty points to the team forfeiting the match.

20. If an 'unknown player' is selected, a comment must be added to the online match scorecard to provide the player's name and British Tennis membership number if known. It is the responsibility of the relevant team captain to determine the British Tennis membership number of any 'unknown player' and to ensure that the BT membership number is linked to the club which he or she has represented. This should be notified as soon as possible to the league organizer – either online or by email.
21. It is the responsibility of the losing team captain to check the recorded result and notify the county office by e-mail if there is any related query.
22. Team captains should be made aware that data cannot be edited after being submitted and confirmed. Any error must be notified to the league organiser – either online or by email - within 48 hours of the match being completed.
23. Final dates for the online submission of match scores will be published online and in the annual handbook. Once final league standings have been published by the county office, no amendments will be made to the standings unless an error has been made by the county office.
24. Team Captains are advised to check leagues and report problems to the county office, either by e-mail or by comment on the tournament software web site, throughout the period of competition.
At the end of the competition period, the appropriate penalty will be incurred by both teams in any match for which no match score has been recorded online i.e. the match will be deemed not to have been played.

Postponements and Cancellations

25. In exceptional circumstances, and only if mutually agreed by the clubs concerned, the date of any match in Division 2 or below may be altered to a new date within the competition period set for that competition. The home team captain must reschedule the match date online as soon as possible after agreement is made. Dates which are agreed at the meeting of team captains should only be changed in exceptional circumstances.
26. Any club intending to concede a match shall advise the League Organiser by email before the date agreed upon for playing and must copy in the opposing team captain.

27. In the cases of matches postponed on account of the weather or not concluded owing to an agreed time limit or interruption, the home Team Captain must offer three dates on which to conclude the match to the visiting Team Captain. This offer must be made within three days after the original date of the match. In July, the away team may request that the dates which are offered be in different calendar weeks.

Such rescheduled matches shall be played as soon as possible. In the event of clubs not reaching agreement within seven days of the original date, notification of this failure to agree a date must be sent by the Secretary of the home club to the League Organiser whence a date for the fixture will be fixed by the appropriate Board.

In the Premier Division and Division 1 of the men's and women's leagues, postponed matches must be arranged to be concluded before the date of the last scheduled match. If the last scheduled match is postponed, it must be played one week after the date of the postponed match or before if mutually agreed by both captains.

If the match is not played on this date, **neither team will be awarded points.**

Rules of Play

28. All midweek open and senior player league matches (except those being played during May, June and July) shall start not later than 6.30 p.m. unless mutually agreed by the clubs concerned or unless, owing to exceptional circumstances, the League Organiser shall have, in advance, approved a later start.

During May, June and July, such matches shall start not earlier than 7.00 p.m.

29. Teams and pairs within teams shall be played in order of playing strength **as determined by the team captain**, and captains, if requested, shall provide written copies of their teams in order of pairing prior to going on court.

Once an order of pairs in a team has been established in any one season, this order cannot be reversed.

Example

If Players A and B play together at second pair above Players C and D who play together at third pair then C+D as a pair can never in a future match that season play above A+B as a pair. C or D could partner another player and play above A+B as a pair. Similarly A or B could partner another player and play below C+D as a pair.

Any two players, playing up from a lower team and paired together, must be placed in order below any other pair containing a player nominated for the higher team.

FAQ

A player who is playing up from a lower team, and partnering a nominated player of the higher team, can play at any position in the higher team. This does not apply to a player 'playing up' into a Premier League team when Rule 30 applies.

30. In the men's and women's Premier leagues, clubs must list not more than 10 nominated players in ranking order by a date notified annually to Club Main Contacts. At the start of each match, a team's doubles pairings will be nominated in accordance with the lowest cumulative total of the nominated positions of the players. A player who is nominated for a lower team will have a ranking of 10. Where the total is the same, the pairing with the highest rated player shall be nominated as the higher pair.

Example 1

If the players nominated at positions 2 and 6 play as a pair, and the players nominated at positions 3 and 5 play as a pair then pair (2+6) would play above pair (3+5).

Example 2

If player 1 partners a player nominated for the club's second team (1+10) then this pair would play above a pair (5+6).

Any player participating in the last scheduled match in the Premier and Division 1/1 and Division 1/2 must have represented the club in that competition in that season or the previous season.

31. To avoid arguments, it is recommended that, prior to a match on courts without floodlights, the captains of each team should agree upon the time limit beyond which play will not be continued.
32. Should the match not be completed (at the expiry of the time limit or because of interruption due to inclement weather) the match shall be continued from the point at which it was stopped, on the same courts, and by the same players as soon thereafter as possible. If it is impossible for all the same players to play on the continuation, up to two substitutes shall be allowed in the same position as the players for whom they are substituting so that the team plays in the same order as the original selection. The rule only operates in the absence of mutual agreement between the clubs, i.e. they may agree to replay the whole match -in which case different teams may be selected.

The players who conclude the match are recorded online.

Rule 27 will apply in relation to arranging a date to complete the match.

33. If a player is not changed and ready to play 15 minutes after the time appointed for the commencement of the match, **the defaulting team shall lose the first set on the court concerned to love.** 45 minutes after the time appointed for the commencement of the match, if play has still not started **the second set is forfeited.** If a player is not changed and ready to play one hour and 15 minutes after the time appointed for the commencement of the match, **all three sets are forfeited on all courts.** No additional penalty is incurred. Where further rounds apply (e.g. in the Calcutta Cup, or where a league match is being played at a two-court club) this readiness rule shall operate from the start of each round. The captain of the non-defaulting team must intimate to the captain of the defaulting team before play starts on the court concerned that he/she is invoking this Rule.

34. If a team defaults or concedes a match more than once in a season, **all matches played by that team will be declared void, with consequent demotion. In such circumstances, a team in Division 3 or higher in the open and senior players' leagues will be demoted two divisions.**

Note that National League junior rules state that any team giving a walkover cannot participate further in that competition. However, the county office has the power to consider a team's position regarding a team walkover with extenuating circumstances, in which case a team receiving the walkover will win all rubbers 6-0, 6-0 and will receive 12 rubber points and a match win.

MEN'S & WOMEN'S SUMMER DOUBLES LEAGUES SENIOR PLAYERS' LEAGUES

The following rules are in addition to the preceding general rules.

35. In the Open Summer Doubles league and Senior Players' league, only one team may represent one club in the highest division of the competition.

36. Teams representing the clubs in each division or section will play each season against each other club in that particular division or section. In the Summer Doubles Premier Divisions, clubs will play each other team in their division both home and away. All matches shall be played under the tournament rules of the LTA, so far as these are applicable to and not inconsistent with the rules of this league.

MEN'S & WOMEN'S SUMMER DOUBLES LEAGUES

37. Teams must consist of six women, or six men, and each pair shall play three sets against the opposing corresponding pair, with a tie break operating at six games all in each set.

Note: A club's lowest team in this competition may, **up to a maximum of two times** in a season, consist of four players [instead of six] who will play at pairs 1 and 2. The team will concede three sets at pair 3 0-6 0-6 0-6. The team must advise the opposing team in advance when possible. If the team thereafter concedes a match in the same competition, Rule 34 will apply and the team will be withdrawn from the competition.

38. Clubs with more than one team in the leagues shall nominate, in writing, the players for all teams of that club by a date advised annually to Club Main Contacts. In the Summer Doubles leagues, at least six players must be nominated for each team. In the Spring League and Senior Players' leagues, at least four players must be nominated for each team.

If a nominated list is not received, the team players which represent the team in its first match will be deemed to be nominated.

Players in teams in the Men's and Women's Summer Doubles Premier League must be nominated in ranking order. (refer to Rule 30).

39. A nominated player may play up one team not more than twice in any league competition. This is allowed at any time in the competition.

A player may play up two or more teams once in any league competition but not on a date when a team or teams immediately higher than the player's nominated team has a scheduled fixture.

A nominated player is ineligible to play in any lower team at any time.

A player omitted from a team nomination list who subsequently plays for a team is deemed to be a nominated member of that team and will be subject to all relevant rules.

FAQ

- a. *A player who is nominated for the club's third team 'plays up' for the club's second team in the first match of the season. Can the player play for the third team the following day?*
 - o *Yes, a player can 'play up' two times at any time during the competition period.*

b. *The same player 'plays up' a second time for the club's second team. Thereafter, the first team captain asks the player to 'play up' to the first team. Is this allowed?*

- *Yes, the player can 'play up' to the first team once during the competition period. Note that the player cannot 'play up' to the first team on the same day that the second team has a scheduled match. (See Rule 39 para 2)*

EXAMPLE 1

A nominated 4th team player is ineligible to play for the 1st team or 2nd team on the same date as the 3rd team has a fixture i.e. the 3rd team's strength cannot be maintained at the expense of the higher team.

Subject to the Board's discretion, in the above example, both the higher team and the 3rd team would forfeit their matches, losing any points won.

EXAMPLE 2

A nominated 4th team player has 'played up' into the 1st team on one occasion. Can he thereafter 'play up' into the 2nd team?

No - however he can 'play up' into the 3rd team two more times.

40. In the Premier Leagues, a club must apply by email to add a player to the team nomination list at least 3 days before the player is due to play. The club must state in that email that the player is eligible to represent the club in that competition and that the player's British Tennis membership number is linked to the Club.

In the Men's and Women's Summer Doubles Premier League, the League Organiser will decide the position of such a player in that team's ranking order.

If no decision has been made by the League Organiser prior to the match being played, the player is ineligible to play.

41.

Any sets (points) won by an ineligible player will be awarded to the opponents. Any sets (points) won by a pair or pairs below the pair containing the ineligible player will also be awarded to the opponents.

In addition, the team fielding the ineligible player will incur a penalty of 3 points.

43. Championship playoff matches will be played between the Section winners of those Divisions which are split into more than one section. The date of these playoffs will be set in advance by the League Organiser and may only be changed or postponed with the agreement of the League Organiser. Playoff information is appended to these Rules.

44. The winners of the Premier Divisions will be the West of Scotland champions for that season.

45. The club with the highest number of points in a league shall be the champion club of the division or section. This will also determine the position of any two teams in a division with equal points.

In the event of all those being equal the championship will be shared.

46. In the Summer Doubles leagues, a team gaining a walkover will be credited with 9 points. In the Senior Players' leagues, a team gaining a walkover will be credited with 6 points.

Defaulting teams will receive the following penalty point deduction:-
