

TENNIS WEST OF SCOTLAND BOARD OF DIRECTORS

The competition programme organised by Tennis West of Scotland has expanded hugely in recent years offering year-round league, cup and tournament competition for players of all ages. Tennis West of Scotland also currently operates a county training programme for over 100 young players and links closely with key clubs via a local player development programme. The county programme operates alongside a regional training programme managed by Tennis Scotland with regular communication between both organisations.

As a result of this increased activity, Tennis West of Scotland plans to increase the size of its current Board of Directors and invites expressions of interest from people interested in being appointed as a Director. Some suitable applicants may then be invited to have a very informal conversation during February 2022 with some Board members.

Expressions of interest are invited from people with tennis playing experience and/or a good knowledge of tennis competition who have the skills and/or knowledge – especially in the areas listed below - to contribute to the continued success of the organisation, a company limited by guarantee. Directors' skills will complement the work of the two full-time members of staff.

- Competition
- Player Development
- Communication & Sponsorship

If you think that you have skills which you could offer to the Board, please apply by email to the Executive Director of Tennis West of Scotland **by 10 am on Monday 31st January 2022** briefly outlining what you could offer to the organisation.

There are approximately 6 evening Board meetings per annum.
